

Whirlpool Jets

Whirlpool Jets - MTI whirlpool baths are available with several different jet types. Personalized jet placement may be available upon request. Contact MTI for details.

Whirlpool Jet

The high-flow whirlpool jet is the standard jet included in MTI Designer Collection whirlpool packages. These high performance jets are strategically placed and directionally adjustable to provide targeted hydrotherapy to stress points on the body. Extra whirlpool jets may be added to personalize your wellness experience.

Micro Jet

Micro jets provide pinpointed hydrotherapy and are located on the backrest. Micro jets are included in many Designer Series Ultra-Therapy Packages with Tsubo massage.

Tsubo massage is not available with stand-alone micro jet packages below. However, ultra therapy systems with Tsubo massage may be enhanced with additional jets and pump upgrade.

Micro Jet

When adding micro jets to a tub that has a steep backrest and narrow tub deck flange, such as some Andrea tub models, additional space may be required to accommodate plumbing and/or pump.

Finish prices below include trim for controls.
