Additional construction and options information

Integrated overflow

Can be installed on the inside back wall of sink.

Backsplash / Sidesplash

Measures 4" (H) and 5%" thick. Field-installed on finished surface of vanity.

Shown above with optional backsplash.

Shown above without backsplash.

Faucet Holes - up to 6 drilled. Standard hole size is 1%" in diameter. Must provide specific drilling instructions on order form.

Teak Sink Tray

An ideal Vanity Sink accessory, hand-crafted to fit rectangular sink bowls. Both stylish and practical, the MTI teak sink tray can be used as a resting place for grooming articles and toiletries. Flat slatted teak design lets water and soap run through, so there is no residue build-up.

Floating Shelf

Available in 2 lengths with double vanities: 42" (large) and 48" (extra large). Each size measures 17" deep x 3" high and is open on the bottom side to accommodate mounting hardware (included). Wallmounted floating shelf is designed to mount below the Vanity Sink.

Ordering Information:

- 42" shelf fits Vanity Sink 54" and up.
- 48" shelf fits Vanity Sink 60" and up.

Shelf for Waterfall Vanity

The Shelf for Waterfall Vanity is a full length shelf that is attached to either side of the Waterfall sides and measures 2" tall. Shelves can be ordered with a smooth top or with a genuine Teak Insert, and are also available in a Matte or Gloss finish. This is not available for vanities with the Parsons Legs.

Half Vanity Option

Available for both the Parsons and Waterfall styles. This option allows you to choose to have one side of the vanity attached to the wall, and the other to be freestanding.

- Choose between right-hand or left-hand for the Parsons legs or Waterfall side.
- Can be ordered for Double Vanities ranging from 48" to 72".
- Hardware for attaching to wall is not included.
